EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Alan Bornstein on September 28, 2004.

The application has been amended as follows:

Delete claim 1 and insert new claim 1 therefor:

--1. Fabric care composition adapted for use in a domestic laundering process and comprising:

a) at least one reactive cationic polymer, which is an amine- or amide-epichlorohydrin resin;

b) at least one reactive anionic polymer of a net negative charge;

c) at least one surfactant, and

d) at least one textile compatible carrier,

said reactive polymers each being capable of self cross-linking and/or cross linking to cellulose, wherein the cationic polymer and the anionic polymer are present in amounts such that the overall charge provided by the polymers is positive, and wherein the composition comprises less than 10% of water-insoluble organic polymers.—

Cancel claim 8

2. The following is an examiner's statement of reasons for allowance: Applicants have claimed a fabric care composition according to claim 1 above. The closest prior art of GB 2,185,499 teaches a treatment for fabrics using epichlorohydrin resins and an additional polymer which may be anionic (see abstract). The prior art does not teach applicants' combination of polymers together with a surfactant. Accordingly, the present claims are allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Charles I. Boyer whose telephone number is 571 272 1311. The examiner can normally be reached on M-F 9:30 to 6:00.
